The allowance of claims 12-14 as set forth in the Advisory Action dated January 9, 2009 has been removed so that new rejections can be made.

The amendment and response filed February 9, 2009 have been received and entered.

Claim Objections

Claims 13 and 14 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claim Rejections - 35 USC § 112

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claims 12 and 15-19 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

This is a New Matter rejection.

Applicants' specification does not have support for the phrase " (a) 40-60% of a mixture of 1,2-pentanediol, 1,2-hexanediol and 1,2-octanediol. Applicants' specification does show support in Examples 16-18 wherein the mixture of 1,2-pentanediol, 1,2-hexanediol and 1,2-octanediol is 20/20/20 of 60%. Applicants' specification does not show support for the mixture of 1,2-pentanediol, 1,2-hexanediol and 1,2-octanediol equals 40-55% of the total composition.

The claims 12 and 15-19 are not allowed.
